<b>2023</b>	<b>73</b>	<b>66</b>	<b>60</b>	<b>82.19%</b>	<b>149</b>

<sup>1</sup>Total Enrollment includes Non-degree seeking students to be consistent with **Fall Term 11-day student enrollment headcount**.

<sup>2</sup>In Fall 2020 three PhD programs moved from the College of Public Health to the Graduate School. Three programs are: Epidemiology, Health Promotion and Prevention Research, and Health Systems and Services Research.

<sup>3</sup>The methodology used for reporting applications was as follows. Only fall applications and acceptance data were included to correspond with the fall enrollment columns. For programs that utilize a centralized application service (CAS), only applicants with a CAS and UAMS online application (OAA) were included in the application count. All colleges have at least one program that utilizes a CAS. In the past CAS applicants who did not submit an OAA may have been included in application numbers.
